KHAZANAH

# What We Do

We at Khazanah are continuously on the cutting edge of design to provide our customers with the best products and services. Our wide range of products are a testament to this commitment.

## Kitchens

Every kitchen is tailor-made to suit our clients' requirements. Our cabinets are manufactured using high-quality materials, coupled with soft-close hinges and drawer slides, as well as carefully selected range of handles and elegant worktops. For enhanced aesthetics and functionality, we offer a collection of kitchen storage and organization accessories and lighting.

### Modern Kitchens

Our modern minimalist kitchen features an extensive selection of melamine, UV-coated, painted and veneered front finishes, matched with quality granite, marble, quartz and acrylic solid surface tops.

### Classic Kitchens

Our classic kitchens consists of a selection of door designs in a variety of stained, and painted finishes. Combined with our decorative mouldings, carved posts and ornaments, our classic kitchens will surely bring that warm, old-world charm.

## Wardrobes

Wardrobe is an essential part of our daily lives. It is more than just a space to store our clothes and personal accessories. It is a signature of one's unique personality. Our wardrobes offer a complete solution by providing top of the line carcass materials and hardware. Lighting and accessories further accentuate the wardrobe and transforms it into a powerful expression of character.

### Sliding Door Wardrobes

Our sliding door wardrobes offer flexibility in design with PVC-laminated Aluminum frames and combination of wood, glass, mirror and faux leather panels that blend seamlessly with the carcass and interiors.

### Hinged-Door Wardrobes

Our Hinged door wardrobes, paired with soft-closing hinges and collection of melamine, PVC, veneered and painted finishes transforms the wardrobe into a distinctive expression of design and function.

### Open / Walk-In Type Wardrobes

Our walk-in wardrobes offer presents unparalleled diversity and flexibility in the arrangement of components / elements.

## Living

Aesthetics and practicality are always our consideration when designing and selecting materials, guaranteeing a complete, balanced and versatile solution to living spaces.

### Bedroom Furniture

Our headboards, nightstands, desks, & shelving units complement each other in terms of design and material combination. Our holistic approach in designing bedroom furniture merge to create a range that has a distinctive personality and endless configuration possibilities

### Tv Stands, Consoles

Our TV cabinets and consoles, gives prominence to the living room, with our endless combination of design and materials and finishes.

### Vanity Units

Our bespoke vanity units not only conceal unsightly pipes, but also provide excellent storage solutions and create a seamless designer theme inside the bathroom. Quality cabinets, tops, basins and taps, combined with mirrors and lighting

## Doors, Panels & Flooring

A well-thought out and well-designed home interior will not be complete without essential elements and fixtures as wooden doors, wall panels and wooden flooring.

### FIRE-RATED / NON-FIRE-RATED DOORS

Whether flushed or paneled, we provide the best wooden door designs and finishes utilizing the best quality solid wood and select veneers. Our fire-rated doors are manufactured following with the requirements of the Exova BM Trada Q-Mark International Fire-Door Manufacture scheme, ensuring safety and reliability.

### WALL PANELS

We offer a wide variety of architectural wall panels that further accentuate the interior design of your homes. Our carved panels, book-matched veneer patterns and architectural elements such as waves, ornamental textures, modular repeating patterns and continuous patterns provide infinite design possibilities.

### WOODEN FLOORING

Our engineered wood flooring ranges are as discerning and individual as the people who live with them.

*Our Past*

# How We Started

## Khazanah, From Inception to Realization

Fifteen years ago, the founders of Khazanah had a seemingly unique vision. They wanted to build a company that could provide the local market with wooden architectural products of top-notch quality, in quantities never before seen in the whole of Qatar. They wanted that company to offer unsurpassable flexibility in terms of material selection and design choices. They wanted that company to give chances of realizing architectural dreams. To achieve this vision, they fixed their eyes on the one thing they thought mattered most: their customers.

The founders focused on the quality and quantity of material and design, wanting above all flexibility for their clients. They wanted not only to work for their customers, but to work with them, from inception to realization. They yearned for nothing less than the utmost

satisfaction of their customers, to give them the best results even within the strictest confines of budgets.

The company has improved so much over the years, strengthening its strategies, improving its products, and developing its systems to satisfy local customer demands while meeting the highest international standards. In 15 years, Qatar has stood witness to a fair share of successful Khazanah projects – from flats to villas, from farms to commercial towers, from schools to government buildings. Behind these projects are teams of local talents and international geniuses in the consulting and engineering fields.

The founders' vision turned out to be a vastly complex one. In their minds, the founders may have wanted a company that simply satisfied an economic demand. But with their hearts, they created Khazanah – an empire that revolves around its clients, their wishes and, in the process of realization, the betterment of their lifestyles.

*Our Present*

# Who We Are

## Khazanah is a powerhouse.

We breathe life into your interior design ideas. Our carefully handpicked team of over 300 employees will offer their widely varied expertise, helping bring creative, international contemporary styles and products to Qatar and matching them with the equally high quality of our products and manufacturing standards. Khazanah has long found and secured its place in the heart of Qatar's thriving engineering, manufacturing and interior design industries. In whatever we do, we strive to be the best.

Our talented Engineering Team will provide you with the design, drawings and engineering needed to get the best possible result in terms of your budget, plans, the utility of space and ease of use. After the plan is finalized, our trained Manufacturing Team will come in to help materialize your design. Our competent Installation Team will then put everything together. Our quick-response Maintenance Team will make sure that your after-sale experience is as pleasant as pleasant can be.

## Khazanah is all you Need

We are with you, every step of the way. Our service is not limited to the manufacture and installation of the products. For you to have the finest customer experience, you'll start off with our friendly Sales Team that will provide advice and counseling.

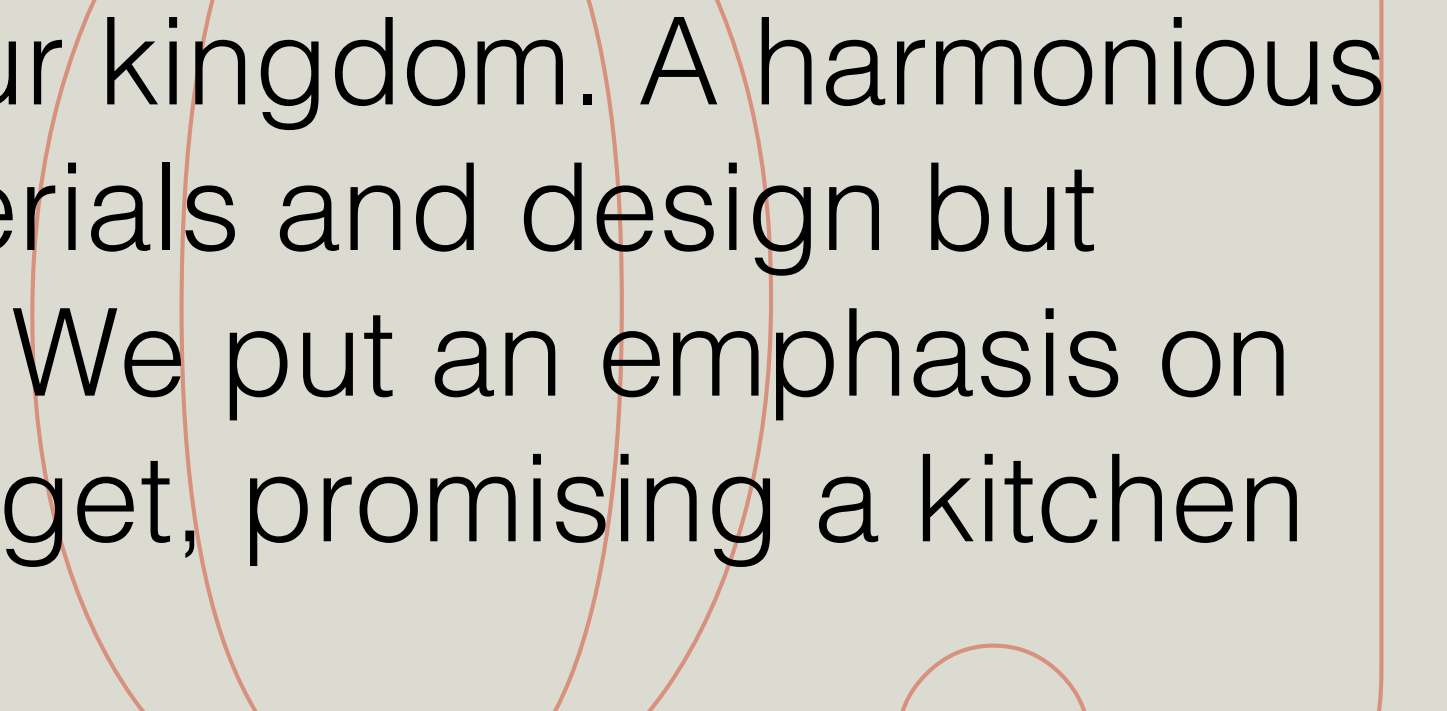

## Khazanah is Versatile

We listen to your wishes, and we understand them. We pride ourselves on the flexibility that we offer to our customers, and this means that you can work with us whichever way that suits your business best. You can select a single product from a single line, or you can choose to have us do a full fit-out of your apartment.

# Kitchens

Whether it be Large or Small, your kitchen is your kingdom. A harmonious cuisine, not only requires the right blend of materials and design but requires that it blends with your lifestyle as well. We put an emphasis on customized, high-quality solutions for every budget, promising a kitchen that should give you pleasure for years.

# Your Little Kingdom

A well-designed kitchen provides a space where there is no separation between cooking and eating, working and living. And it is open for all occasions - for everyday life and festive occasions of any kind.

Simple but elegant. This features matt finished doors and drawer fronts with gold highlights and grooved pilasters. It is further refined by the clear glass inserts on the wall cabinet doors and glass internal shelvings. The dark-colored marble provides a fresh and clean atmosphere.

# My Kitchen My Rules

whether your kitchen is extensive or little, we can help with the homely details that will give it your own personal touch. Bringing solutions to each budget; our wide range of options and emphasis on quality at affordable prices, allows you to build the kitchen of your dreams and enjoy it for years.

Another example of a finely-crafted classic kitchen with miter-cornered solid Birch frames in satin paint finish. Wall cabinet shutters feature exquisite glass inserts and satin-painted grilles. Attractively designed pilasters, spacers, and cornice are an expression of personal style.

# The Secret Ingredient

The secret to a well-designed and practical kitchen is its layout and the design of the cupboards. You can suit your kitchen to your own needs by choosing from our wide range of cupboard interiors. From slide-in storage units to swiveling grocery shelves - your cupboards will be a treasury of order. Everything in its place, and a place for everything.

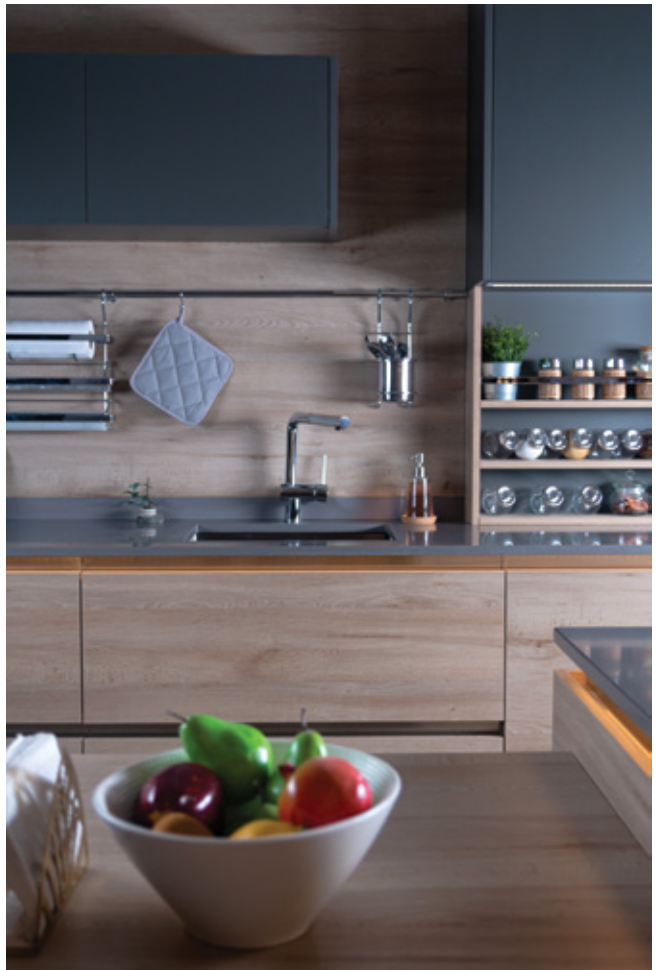

The main features of a modern kitchen arrangement are clean lines, a balance between the colour of kitchen furniture, walls, and floor coverings and accentuated lighting.

This kitchen highlights the beauty in the contrast of materials and the simplicity and practicality of the module arrangement. The matt-finished plain-colored doors, matched with light-colored wood reproduction, thin worktop, LED strip lighting, and creates a cozy environment.

# Make It Happen

Soft-closing hinges, drawer slides, and built-in handles are the kind of special details that add stylishness to the room as well as improve its practicality.

This kitchen highlights the use of routed-doors with PVC laminate on shutters and drawer fronts and a 20mm quartz worktop. This gives the kitchen a contemporary look and feel. Clear glass inserts and glass shelves, and brass-finish handles further accentuate the style of this kitchen.

# The Right Touch

We have searched the world to find the best materials, from modern PVCs, melamine and laminates to natural wood veneers and solid wood. You can feel the quality just by touching them. We can help you choose the right combination of materials to create a harmonious look to your kitchen which matches your lifestyle.

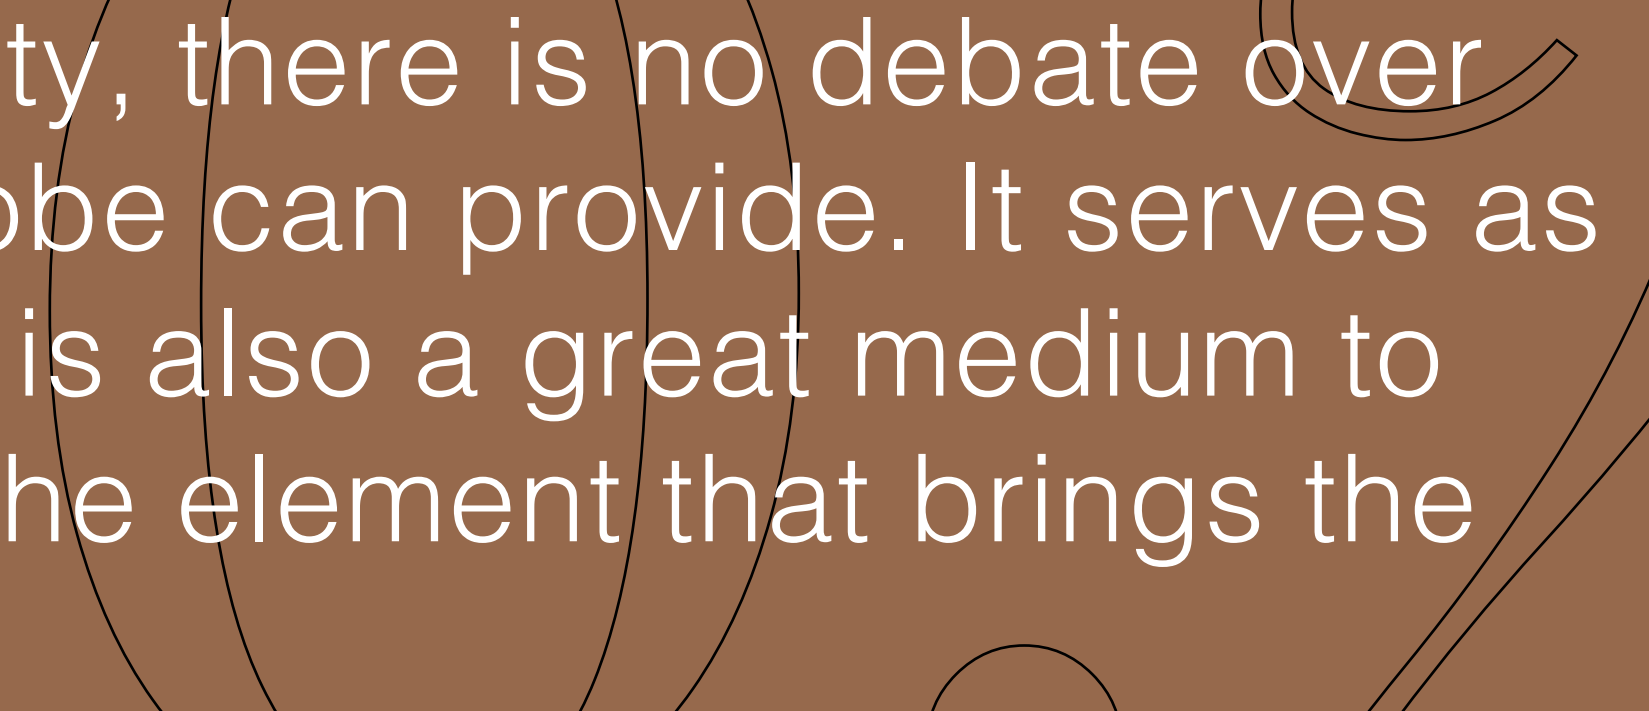

The well-designed kitchen creates a calm atmosphere and yet leaves enough space for individual design ideas. This kitchen features Grey-painted shutters, paired with aluminum-framed display cabinets with clear glass inserts, light-colored worktops, and wooden shelvings

# Wardrobes

Whether you see it as a luxury or a necessity, there is no debate over the fashionable functionality a good wardrobe can provide. It serves as your bedroom's main storage space, but it is also a great medium to express yourself and even easily become the element that brings the room together.

# Room for All

The secret behind a well-designed wardrobe is the layout and distribution of its components. Now you can fully control the location and size of shelves, drawers, hanging units, and all other components; so that it fits your ease of use and storage requirements.

# Inner Beauty

Our range covers all the options, allowing you the freedom to make this most functional of home necessities a statement of style. Whatever the size of your bedroom and budget, we will create the wardrobe storage you can afford and will treasure for years.

Material combination is a key feature in a well-balanced wardrobe design. This wardrobe features melamine carcass with a combination of aluminum-framed and painted glass doors.

Simplicity meets functionality. A simple symmetrically-designed swing door wardrobe with wooden hand grabs that serve as the handles.

# Visualize your Home

Built-in wardrobes are an additional occasion to put your personal touch on your bedrooms. Whether it be traditional, contemporary, or intricate, your wardrobes will be of your signature following the desired style.

# Living

From Bedroom Furniture to TV stands and vanities, your touch can be translated into your home with Khazanah's resources. At Khazanah, your lifestyle becomes our venture, making your style trends manifest in your haven.

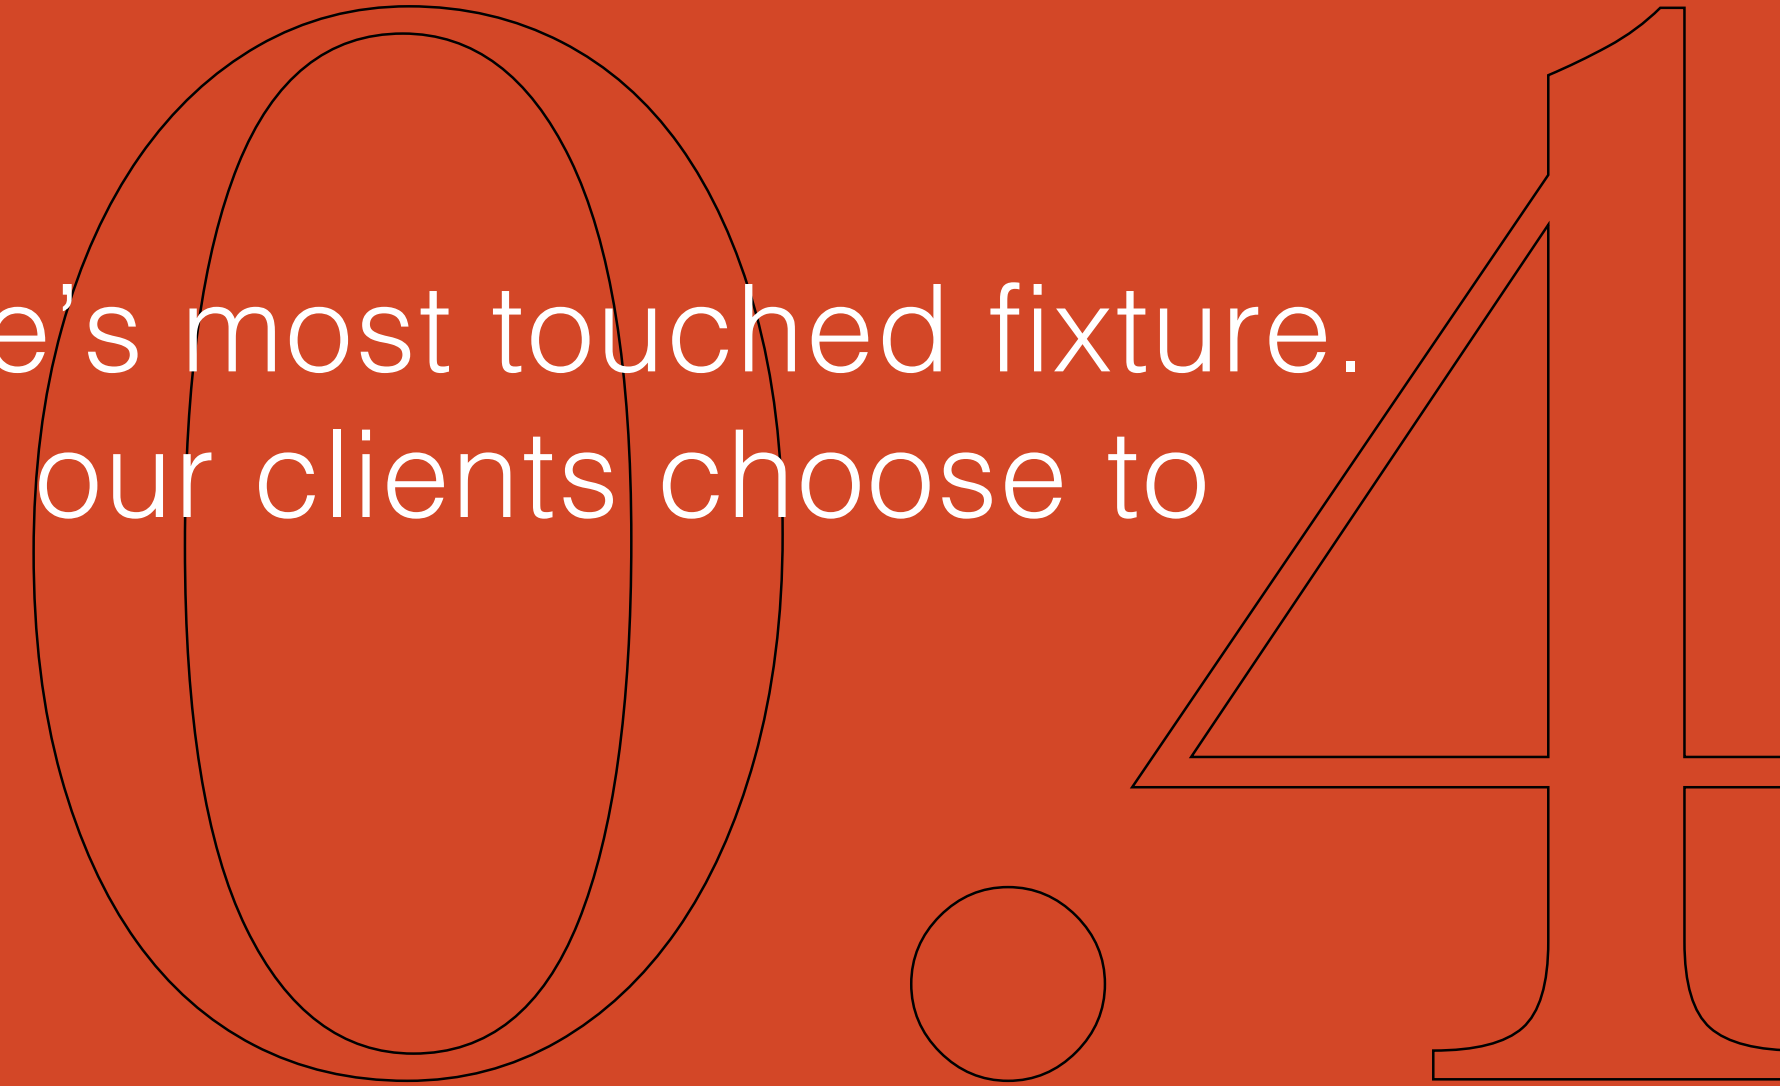

# Doors

First Impressions matter. It is also any home's most touched fixture. These and some more are the reasons why our clients choose to have our custom-made doors.

There's a reason why a welcome mat is placed at the foot of a door. A door is a warm greeting as you enter the home. Conversely, it is the welcoming promise of the world beyond as you leave those walls behind. The closing of a door can bring comfort and security. The opening leads to possibilities and wonder.

Life is all about choices. Sometimes you have the exact idea of the type of door you're looking for, while other times you know what door is right when you see it.

# Notable Projects

Over the years, Khazanah has been part of a number of projects that have been immeasurable parts of the Qatari Lifestyle. From Private Villas to Sports complexes, Fire Stations, Farms, and Living Spaces, our promise remains to deliver quality and durability.

# Doha Oasis

The property is intended to deliver an extraordinary high-end mixed-use development in the heart of Musheireb, State of Qatar. This estate comprises 460,000m<sup>2</sup> of the built-up area on the 73,000m<sup>2</sup> site in the Musheireb district of Doha. The Employers philosophy envisions the project to be of exceptional standards, redefining benchmarks in quality of design and construction.

**Client:** Halul Real Estate

**Scope of work:** Basement doors, Vanity Units & Wardrobes, Appliances, Kitchen, Wall & Ceiling Cladding Lift Lobbies GF Area, Wooden Ceiling Panel Inside Apartment, Kitchen Penthouse, Interior Finish Lift Lobby

The distinctive elliptical shape of the building comprises exclusive high-end residences in 7 blocks over 9 floors including Duplex Penthouses with 245 high-end apartment units. The retail component, the Doha Oasis Boutique, comprises 3 (three) levels of the podium with 2 (two) floors having uninterrupted views of the Themed Experience Centre. The boutique also hosts an exclusive complex of cutting edge and VIP cinemas. A 29-floor tower houses the ultra-luxury 7star hotel, with 7 (seven) restaurants and a business center.

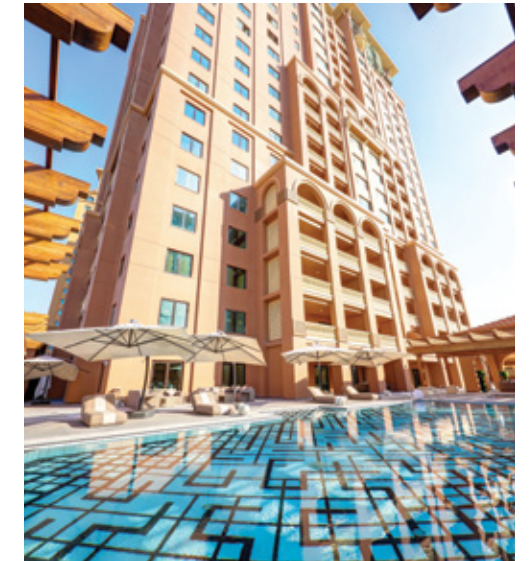

# Paramount Residences

Located in The Pearl Island, this property comprises 196 one, two, and three-bedroom luxury residences, with signature elements of Paramount Hotel & Resorts, featured throughout, including a California-inspired environment from the bold yet subtly designed lobby to luxurious residences artistically designed down to the ultimate details of back painted glass decor, opulently retro faucets, and handcrafted, exquisitely finished wardrobe interiors.

**Client:** Al Asmakh Contracting

**Scope of work:** Vanity Units & Wardrobes, Kitchens, Wall & Ceiling Cladding Lift Lobbies GF Area.

*Modern masterpieces that match the city's energetic vibe*

# Four Points by Sheraton

Located in the Heart of Doha's commercial district, Each room in this 4-star hotel features just the right mix of elegantly classic and functionally modern styles.

Both business and leisure travelers would be delighted to stay in rooms where Khazanah's highest standards of manufacturing and design are particularly evident.

**Client:** Redco Al Mana

**Scope Of Work:** Doors, Vanities, Wall Cladding, Kitchens, Wardrobes, Joinery Items

*Luxury and class from every nook and cranny*

# Simaisma Resort, Private Villas

Simaisma is an oceanfront oasis that promises relaxation and reinvigoration both. Its signature amenities seek to treat guests into an ultimate 5-star lifestyle experience. Our client had to make sure that the expectation matches the experience, and in came Khazanah.

Never once failing to deliver on a promise, Khazanah has provided Simaisma with luxurious masterworks in sophisticated fit-outs.

**Client:** Katara Hospitality Simaisma  
Resort Six Senses

**Scope of Work:** Doors, Cladding, Bedroom  
Furniture, Wardrobes, Ceilings, Counters,  
Vanities, Wooden Joineries.

*Showing you the future of sustainable architecture*

# Qatar Handball Association Complex

The Duhail Sports Hall is the Qatar Handball Association's headquarters. It serves as the home and training ground for Qatar's national handball teams.

This “green” structure – meant to host large crowds during professional tournaments – takes on a contemporary, almost futuristic style. But what is probably the most impressive thing about this contemporary mega-structure, however, is that it was built from scratch in 5 months. Khazanah took on the challenge and delivered what was asked for and more, without ever falling short of our client's highest standards.

**Client:** Redco Al Mana

**Scope Of Work:** Doors, Cladding, Bedroom Furniture, Wardrobes, Ceilings, Counters, Ticket Booth

*Practical city living at its finest*

# Le Mirage Downtown

Occupying a built-up area of at least 38,000 sqm in Doha's central district, Le Mirage Downtown is a stunning and functional mixed-use property. Retail spaces occupy 3,000 sq. meters of retail space in the ground and mezzanine floor, while much of the rest is dedicated to exquisite one and two-bedroom residential apartments.

**Client:** Gulf Contracting Co. WLL

**Scope of Work:** Doors, Wooden Kitchen Units, Wardrobes, Vanity Units

*Striking the perfect balance between 5-star luxury and comfort beyond compare*

# Le Mirage Elite

If there is ever such a perfect balance of luxury, comfort, and style, it has to be at Le Mirage Elite. Those who will settle for nothing less than only the best would wish to settle for any of Elite's palatial 3 or 5-bedroom villas. Each of these villas has spacious kitchens, master bedrooms, gardens, and Jacuzzis. Exclusive facilities include a rooftop pool, clubhouse, spa and sauna, gymnasium, party hall, and a kids' play area.

**Client:** Mid Contracting

**Scope of Work:** Doors, Parquet, Kitchens, Wardrobes, Vanity Units

# Our Factory

Our factories, where we customize and manufacture free-standing wardrobes, kitchens, and all other raw materials and components, are manned by our very own crew of highly skilled craftsmen and experienced operators. Our factories are high-end facilities where we build designs that suit the individual requirement, to then be installed by our qualified team. We partner up with both local and foreign suppliers who adhere to the same high standards as we do, to provide our company with top quality materials and accessories.

# Quality, Health and Safety

Our client base expects quality results every single time, so we always strive for excellence that raises our client's bar. This we do by being committed to working within the finest product quality standards and the quality of the production process, with a focus on the product being delivered within the time schedule and within our client's budget.

Our dedication to quality is evident in the nature of the raw material and the accessories used – the basic substance of the final product. The components and raw materials are resourced from the largest and most well-known brands and manufacturers the whole world over. To convert these materials into a final product, the company provides production lines that include automatic, state-of-the-art machinery and well-trained operators. As responsible employers and corporate citizens, we consider the safety of our employees to be the top priority. As such, we have the following measures in place at all our facilities:

- ✓ All our employees are trained and briefed on safety.
- ✓ A sophisticated re-deterrent and alarm system is maintained in accordance with the requirements of the Qatari Civil Defence Authorities.
- ✓ Dust collection systems are installed in production areas and painting bays.
- ✓ Safety gear is provided to all production and installation teams and strict compliance is monitored.

*Driven to Build; Driven to Give*

# Our Team

Our organizational structure at Khazanah aims to bring the best out of every employee. This is why, at Khazanah, you will only work with experienced professionals in their respective fields. These talented, goal-driven individuals make up an organizational structure that maximizes efficiency, facilitates coordination, and achieves impressive results.

## Management

At the helm of Khazanah is a team of managers with years of experience to their names. Their unparalleled knowledge and expertise in their respective fields sets Khazanah apart from competitors in Qatar and anywhere else in the world.

## Engineering

Over 15 designers, draftsmen and estimators make up our engineering team. Your imagination is limitless, and their drive to build is just as. These highly technical and equally creative individuals efficiently transform your ideas into tangible, modifiable, and executable plans

## Craftsmen

Inside Khazanah's factories are more than 100 skilled carpenters, painters and machine operators. Using state-of-the-art machineries, these skilled and experienced craftsmen put to life the plans brought in by the engineering team.

## Maintenance & Logistics

If there is one thing we wish to be known for, it is for delivering on our promise. This is why we have well-trained and highly responsive individuals manning our maintenance and logistics team.

## Sales

Showrooms showcasing Khazanah's best are part of our sales team's initiative. Our sales team is driven to give personalized, professional, and polite customer service each and every time.

*Khazanah – Building for Qatar's Brighter Future*

# Our Future

Khazanah was founded 15 years ago from the concept of mixing passion with beauty in space aesthetics.

We are proud to have been part of numerous projects, and we would be more than glad to take on even more.

Our promise remains – as always – to perfect our craft, to hone our skills, and to develop our talents, so that we may serve you, our clients, to the best of our abilities.

We're building on your hopes and dreams. We're building for the improvement of your lifestyle. We're building not only for ourselves because, here at Khazanah, we're also building for Qatar's brighter future.
